Contract Let For 3 Schools At \$1.2 Million

Louis E. Dunn Company, lowest of seven bidders, last Thursday was awarded a \$1,295,000 contract to build three new Jefferson Elementary District K-6 schools—due to open by next January 15.

The schools, all being designed by architect Angus McSweeney, are Abraham Lincoln and Thomas Edison in Westlake Unit No. 10 and Daniel Webster in St. Francis Heights.

Construction of all three plants is expected to begin within the next two weeks, pending final approval of the contract by the State Department of Finance. The contractor has seven months to finish the three-school project.

Asst. Supt. David Shapiro of the school district said the bids submitted ranged to a high of \$1,346,260. The Dunn bid of \$1,295,000 includes \$1,147,610 for the

Policemen Got Quite A Kick On This Case

Three Daly City police officers suffered bruises and were more than hot tempered Saturday night when they booked a 35-year-old carpenter here for being drunk and on assault and battery charges.

Their attacker was Ralph G. Stein, 245 Los Olivos, reported by his wife who said he had knocked her down.

Stein put up quite a struggle when Sgt. Dave Hansen and Officers Richard Sims and Tom Culley attempted to settle the uproar. The carpenter kicked and fought the trio for about two action-packed minutes before he was handcuffed.

Out on \$250 cash bail, Stein is due in municipal court this Thursday.

RAY WHITNEY TO RESIGN TRUSTEE JOB

Raymond T. Whitney, 51, veteran Jefferson High District school trustee, announced Monday night that he was resigning the post, effective July 22, because he has moved from Pacifica to El Granada.

He will continue to serve as a trustee with the San Mateo Junior College District, however, since his new residence is within that district's boundaries.

County Supt. of Schools James Tormey is expected to appoint a seven-member citizens committee to screen applicants for Whitney's slot on the JUHS board. Trustees Elio Fontana and James Cooper will represent the board on this group.

Whitney was a trustee on the Laguna Salada Elementary board from 1949 to 1954. He was appointed to the high school board in 1953, was elected to a three-year term in 1954 and re-elected in 1957. His present term expires next year.

Whitney was elected to the junior college board in 1957.

The county board of education will make the final determination of Whitney's successor after reviewing the citizens' committee recommendations.

9 More Rooms At W'moor To Cost \$33,704

Summer-time project of adding nine new classrooms to Westmoor High school was awarded at a low bid of \$33,704 on Monday night by district trustees.

Successful bidder was the firm of Erbentraut and Summers. There were two alternate bids—one for a new athletic equipment storage shed on the football field.

The other bids totaled \$34,709 and \$37,414.

Low bid was some \$5000 under architect Mario Ciampi's estimates for the project. Of the \$33,704, \$27,973 is for the nine classrooms.

Completion of the nine small corridor-located rooms will give Westmoor a total of 55 teaching stations.

Supt. Edward Morgan said the nine additions were necessary to avoid double sessions this September. Some 300 youngsters will occupy the new rooms while the other classes will be filled to capacity.

Double sessions are certain for the '60-'61 school term pending completion of the two new Pacifica high schools, both due to open in September of 1961.

Construction of these plants is to start next spring. Based on 5-year enrollment projections (figuring fourth through seventh grade enrollment), existing high school enrollment, and builders' projections.

Putkey Still Strong After 44th Pint

Long-time Daly City attorney John Putkey, 660 Orange street, was about the most welcome of 25 South San Francisco Elks Club members when the group donated en masse recently at Peninsula Memorial Blood Bank.

The popular DC resident that day gave his 44th pint of blood.

And he still has more, he says.

EDGEMAR ROAD REALIGNMENT REMAINS 'HOT'

The city council Monday night, facing continued public unrest on the realignment delay on Eastmoor avenue, informed St. Francis Heights residents that it was doing everything legally possible to speed the project and that it wanted no part in the personal complications between the Callan and McKeon companies.

Mayor Edward J. Dennis declared this emphatically after the council reviewed a letter from McKeon stating that Callan's portion of the road could not be realigned until a \$250,000 trust deed is settled and the title to the Callan land is clear.

McKeon explained that the trust deed followed terms of a court settlement between the Callans and Zita Corporation and that it would be illegal for the city to take title to the realignment strip from Callan if the trust deed is still unsettled.

City Manager George Watts explained that Callan had agreed to clear up this matter and that the city staff was awaiting a final title report on the property.

Meanwhile, public hearing on the abandonment of old Edgemar road (the piece cutting through the M. Pauline Brown school site) is set for June 22. The city has agreed to the school district's plan of a temporary road on the western tip of the school site to move that would allow McKeon to complete grading out the school site and speed its construction. McKeon also will grade out the temporary road. This route will be open in nine months.

The city believes Callan soon will have his entanglements with McKeon and the title to (Continued on Page 2)

Louis Larcombe Re-elected To Parks-Rec Post

Louis Larcombe, 49 Sheffield drive, was re-elected chairman of the Daly City parks and recreation commission last week.

Mrs. Ann Eason, veteran high school trustee and parks-rec commissioner, was named vice chairman.

Other members of the commission are Edmund Cavanaugh, Dutch Elston and newly appointed Milt Reiterman of Westlake.

The commission last week toured the two Palisades playgrounds, due to open this August, and visited the Westmoor park site below Westmoor High. The latter will open this October. It will have eight tennis courts, eight handball courts, horseshoe pits and expansive lawn area—for use of youngsters and adults of all ages.

The commission in main business last week went on record for the proposed center island parking and one-way plan on Alp street, from Hillside down to Mission, but did not take a stand on the proposal to install a diagonal parking area in front of War Memorial building adjacent to Alp. The latter project would involve removing a portion of the community center's front lawn.

Commissioners granted the Daly City Garden Club use of War Memorial building September 12 and 13 for its annual flower show.

'Miss DC' Contest Attracts 16 Beaus, Five Reach Finals

Task of choosing Miss Daly City of 1959 on Thursday evening, June 18, at Joe's of Westlake, is going to give the five Chamber of Commerce-appointed judges fits.

Last Thursday night's outdoor preliminary judging at 200 Park Plaza brought forth 16 beauties—five of whom won the nod and qualified—by the closest of margins—for the grand finale on June 18.

Facing the big test next week in alphabetical order, will be: Mary Goode, 16 years old, resident of 200 Park Plaza drive, apt. 27, Westmoor High student, 5-2, 114 lbs, 35-24-35.

Lana Green, 16, 1009 South Mayfair, Westmoor High, 5-6, 120 pounds, 35-24-35.

CLASSIFIED WAGES BOOSTED

New Four-Year Pact For Morgan; Jeff Vice Principal Is Promoted

High school trustees finalized their new fiscal budget salary specifications Monday night by awarding Supt. Edward Morgan a new four-year contract at \$17,000 a year and granting the district's 59 classified employees wage boosts amounting to \$239 each a year.

The board also unanimously appointed Jefferson High vice principal Lou Martin, 36, to the \$9887 a year new dual position of adult education director and district business assistant to Fred Goodell.

Martin, with the district eight years and the father of four daughters, will spend his time equally on both assignments.

His appointment relieves Dr. John J. Ivan from the dual position and allows Ivan to devote his full-time labors at

\$12,495 a year as the district's director of curriculum and instruction.

Forty-six-year-old Morgan, who assumed the superintendency in mid-1956 on a four-year contract for \$12,000 per annum, was extended a new contract last year, also for four years, at a salary of \$15,500.

Trustees feel the new boost for the superintendent is justified by his performance and will bring his pay rate up to the average of other local districts.

Both the Sequoia and San Mateo high school districts pay their superintendents more than the \$17,000 Morgan has been raised to, a trustee-ordered survey shows.

Martin, a graduate of SF State College with a master's degree, has had extensive classroom and business-world experience.

He entered the district as a social studies and physical education teacher. Then he spent 2½ years as attendance officer at Jefferson before being appointed vice principal last year.

A successor to Martin as vice principal has not been determined as yet, though applications are being taken within the district.

Four district certificated employees applied for the position awarded to Martin.

Council Fills 4 Vacancies On Commissions

The city council filled four commission vacancies Monday night in action that found three incumbents being reappointed.

Only non-unanimous choice was Harry Bosberry, 126 Westlake avenue, named for another term on the personnel board. The vote was 3-2 with Councilmen Michael De Bernardi and Francis Pacelli balloting against the reappointment.

Maude Hanselman, 506 Hillside boulevard, was reappointed to the library board.

Dutch Elston, 35 Ocean Grove avenue, was reappointed to the parks and recreation commission, and Pacelli won approval on his nomination of Milt Reiterman, 294 Wilshire, as a new parks-recreation commissioner.

Other vacancies being considered by the council are two slots on the planning commission and the opening left by Dan Casentini on the library board. Terms of planners Dick Dwyer and Art Colvin expire this August.

Bosberry's reappointment means another six-year term. The library and parks-rec positions are for three years.

Printer Fred Is 'Doing Fine' As He's Now A Daddy

This newspaper office buzzed with a wee bit more excitement this week because of a new arrival in its official family.

Elated daddy for the first time is printer Fred Bricker, whose wife, the former Barbara Nicholas, presented him with Sandra Elise Bricker, 8 lbs., 2 oz. last Thursday afternoon at Kaiser Hospital.

Fred and Barbara are Jefferson High graduates. They reside at 71 Mission Circle.

Last week was extra significant for the young mother. Day before delivery she was awarded \$100 by the Military Sea Transport Service for superior duty.

in July, is a graduate of Jefferson High School and was a winner of a National Merit Scholarship. He was awarded a California State Scholarship, a University of California Alumni Scholarship and a Bank of America Achievement award in science and mathematics.

THANKS TO 'TIRED & TIRELESS'

Plenty of parents are busting their buttons this week in graduation exercises at Daly City's two high schools, Ben Franklin and Colma Intermediate, and at Our Lady of Mercy, OLPH and Holy Angels parochial schools.

For these hundreds of children this week is perhaps the biggest in their lives. The diploma event is a very proud occasion for adults who want only the best for their youngsters.

It behooves all of us not to forget the unheralded people who have made the graduation hour so significant. These are the "tired but tireless" teachers whose task never ends and seldom is appreciated to the full extent by the community they serve.

Judging from the number of scholarships awarded this week, particularly at the high schools, it is apparent that the Daly City area has an abundance of fine students and good teachers.

You can't have one without the other.

EIGHT LONG YEARS OF DUTY

Henry Z. Weibel this week completes more than eight years of heavy duty as superintendent of Jefferson Elementary School District.

During his regime, the district has grown from seven or eight schools and 2400 students to a network of 13 plants and close to 7000 children.

Progress has been steady, though laborious and at times stormy, but the man in charge did his best at a difficult task.

It is gratifying to know that Weibel will remain with the district in the capacity of a principal. The pressure in this assignment isn't as great as that confronting most school superintendents.

Heading a district is a highly responsible and nerve-wracking occupation. It's year-around duty and the days extend beyond the normal eight hours.

Life expectancy of school superintendents isn't too lengthy. According to a national education magazine, the average stay in office for a superintendent in most districts is about four years.

Weibel leaves the top seat after eight long years.

We wish him well and much success and fortitude to his successor, Richard L. Foster.

JEFF HIGH JUNIORS

Gail Arteseros, Dick Lair Win Honorary Science Award Medals

By Gil Tolbin

Gail Arteseros and Richard Lair, juniors at Jefferson High School, are the 1959 winners of the Bausch and Lomb Honorary Science Award Medal, their principal, John Mongan, announced today.

This annual award—a handsome bronze medal—is given to the student who achieves the highest scholastic standing in science subjects. It is presented in almost 7000 schools. Since its introduction in 1933, there have been 125,000 winners; and a substantial percentage have been encouraged by the award to follow scientific careers.

Winners of the Honorary Science Award are eligible to compete for Science Scholarships, sponsored by the Bausch and Lomb Optical Co., at the University of Rochester. The

Rochester (New York) firm provides for three or more scholarships annually, with stipends based on need and with a combined value of \$9600. The award winner must be selected at an early date because applications for scholarships must be filled out and returned to the university on or before March 1.

Both the Bausch and Lomb Science Scholarship Programs have been officially approved by the National Association of Secondary School Principals, and educators throughout the country. These awards are generally recognized as evidence of superior scientific aptitude. They are especially significant, says Clifford Braun, because of current recognition of the importance of greater emphasis of the teaching and study of scientific subjects.

BEAUTY contest judging is a pleasant chore when you're asked to rate these 16 candidates for the title of "Miss Daly City." Five of the above young ladies last week qualified for the finals on June 18 at West-

lake Joe's. They are Mary Goode, Judy Soto, Lana Green, Lala Patron and Pat Strasser. Other contestants were Diane Berg, Gloria Howren, Sandra Freire, June McGinness, Joan Jensen, Barbara Marsigli,

Renee Stanfill, Virginia Pezzola, Pat Monahan, Sherry Morehouse and Martha Yabraes. The girls are not identified in left-to-right order.

2 DC Teachers Officers With County Assn.

Durant Moseley from the Jefferson High faculty and George Simon of the Westmoor High staff have been elected officers of the San Mateo County Industrial Education Association.

Moseley succeeds Bill Blair, a teacher at Las Lagunitas in Atherton, as president of the organization, while Simon becomes secretary-treasurer.

The association was formed last year by the Industrial Education teachers of several San Mateo school districts. Meetings are held monthly during the school year at different high schools in the county.

The purpose of the association is to help improve and keep up to date the shop curriculums and activities in the elementary and high schools. With the increasingly rapid and complex technological developments going on in industry and science, it has been found necessary to constantly re-evaluate the shop programs in the schools. Teachers must keep themselves informed of the new trends, procedures, techniques and products in industry.

It has been the aim of the association to acquaint its members with these new directions by industrial field trips, visiting speakers and other activities.

The Daughters of the American Revolution was incorporated in May, 1891.

Hi-Fi Teen Club's Next Dance A Novelty...Parents Are Invited

The Hi-Fi Teen Club, sponsored by Daly City Department of Parks and Recreation, is once again giving a dance with a taste of novelty.

The idea of acquainting the parents with the club's dances was decided upon by the teenagers. The dance to be held Friday, June 19, from 8:30 to 11:30 p.m., will give parents the opportunity of enjoying themselves in addition to seeing how the dances are organized and carried out. Music will be provided by Don Carle and his orchestra.

This dance is to be only for teen club members and their parents. The tickets also have a different twist. Tickets will be sent to the parents and they pay at the door upon display of the tickets. The price per

parent is 50 cents. The price for teen club members is 75 cents. The 75 cents paid by the member will be refunded if his parents attend and give his teen club card number.

The teen agers would like to see their parents take an interest in the club and anticipate a large turnout.

The Town Record

By ROY HURLBERT

Wonder when the directory on the main floor at City Hall will be altered to eliminate the "e" on the last name of Councilman Bob St. Clair?

Claire sounds a bit feminine, and burly Robert just isn't that way.

It could only happen in America. A tiny St. Francis Heights mom exchanged verbal blows with 6-9 tall St. Clair on Monday evening over the Edgemar road delay.

Bob, who has pushed as hard as anyone to rectify the problem, got a real bombardment from the little lady who said the St. Francis folks were thinking of forming a homeowners' association of their own.

The 280-pound St. Clair respected the words of his 120-pound challenger.

The ladies sometimes are more formidable than the Chicago Bears.

Tonight's study session of Jeff Elementary school board was called off for good reason. Supt. H. Z. Weibel's daughter and Asst. Supt. Vinton Stratton's son were graduating at Westmoor High. Asst. Supt. Dave Shapiro's son also was due his eighth grade diploma in Hillsborough.

Proud daddy's—all three.

Don Delbon, perhaps Jeff High's greatest-ever basketball player, returns to the campus this fall as a regular teacher.

He student-taught at Jeff this year out of San Francisco State.

The very talented and polite young Brisbane product should be a credit to the teaching and coaching ranks.

Westmoor High grads this week leave with \$31,000 worth of college scholarships and special grants.

The total is considered pretty outstanding for one school by local administrators.

Last but not least in our bouquets-for-deserving-publicists department are Mrs. David Schwimmer, local YWCA news writer, and Mrs. Bunny Gillespie, SNL PTA's very deliberate press agent.

Both ladies fill the bill with professional skill.

USF Gives 539 Degrees; Eleven To DC Students

Seventy-one residents of Peninsula cities received degrees at the University of San Francisco's 100th annual commencement Sunday in the San Francisco Opera House.

A total of 539 graduate and undergraduate degrees were conferred, the second highest number in the 104 year history of the University. The largest number of degrees awarded in a single year is 635, conferred in 1951.

Governor Edmund G. Brown was the commencement speaker at the ceremonies and also received an honorary degree.

Among local residents receiving degrees were Daly City's Norman P. Alder, 115 Crestwood drive; Richard J. Barnhart, 122 North Mayfair; Kenneth G. Brahn, 64 Bel Mar; Verne F. Buer, 161 Crestwood; Douglas J. Halbert, Box 3092; David Hanak, 161 Park Plaza drive; Alan W. Haverty, 40 Lynnewood drive; Richard I. Klein, 31 Crestline; Gino Manicci, 74 Crestwood; Florian Maroney, 417 Santa Barbara avenue; Walter S. Messing, 161 Park Plaza drive, and Colma's Douglas B. Paulsen, 1119 Nimitz drive.

THESE Daly City police department employees, officer Jerry Gallindo, clerk Helen Sherwood and officer-inspector George Brooks examine newly purchased "resusitubes," to be used in emergencies involving unconscious victims of drowning, electric shock, smoke or gas inhalation, or accidents which cause breathing difficulties. The department has purchased these lightweight instruments and all police vehicles

are equipped with them. Dr. Sanford Marcus of Westlake, who recently saved a young girl's life by mouth-to-mouth resuscitation, has volunteered to instruct city employees on the effective use of the resusitubes.

Harry Monahan Jr., radioman seaman son of Mr. and Mrs. Harry Monahan, 203 Station avenue, Daly City, serving aboard the heavy cruiser USS Toledo, recently took part in an amphibious landing on the beaches of Camp Pendleton.

The operation, known as "Twin Peaks," involved more than 60 Navy ships and 25,000 Marines and was the largest exercise of its type since January 1957.

Participating in "Twin Peaks" were cruisers, destroyers, minesweepers, submarines, underwater demolition teams, and assorted amphibious force ships which comprised both "friendly" and "aggressor" forces. They employed conventional and simulated atomic weapons in carrying out their part in the amphibious assault exercise.

How's Your Parking?

Ever take a look at the right front tire as a yardstick of your steering finesse in parking?

If you have done well, points out the National Automobile Club, the lettering on the tire sidewall will be intact. If not, you will find it pretty well erased. Rubbing the tire against the curb is one of the best ways of shortening its life, for the sidewall is made of a lot less tough material than the tread.

Camperships on a partial basis were made to 15 Girl Scouts.

The Cookie Sale netted \$15,018 on the sale of 4811 cases of cookies. The money is used chiefly for camp maintenance.

Volunteer trainers are badly needed. The requirements are: Wide knowledge of Girl Scout movement; and Council as a whole; demonstration of skills as a trainer; leadership, tact, patience, ability to interest and hold same of wide age range; health and stamina.

More Answers For Vets On Loans, GI Bill

Q—My wife and I both signed the note for my GI loan. I have a new job in another city and we plan to sell our house. If the new buyer will take over the unpaid balance of the loan, can we both be released from liability to VA?

A—Yes. You understand, of course, that before you and your wife can be released from liability by VA, the new purchaser must say in writing that he will buy your property and assume the balance of your loan. He must also satisfy VA he is a good credit risk.

Q—I am planning to take evening courses under the Korean GI Bill, leading to a college degree. I am going to have to spread the school work out over a long period, since I work full-time at an office job. How much time will I have to complete training? I was discharged from service two years ago, in mid-1957.

A—Korea veterans have eight years from date of discharge or until January 31, 1965, whichever comes earlier, in which to complete training. In no event may a veteran take training after January 31, 1965.

Q—How much allowance money is paid to the parent or guardian on behalf of a young man or woman going to school under the War Orphans Education program?

A—\$110 dollars a month, if the student is in school full-time; 80-dollars a month, if three-quarters time; and 50-dollars a month, if half-time.

Q—I understand no new insurance is being issued to Korea veterans except some who have service - connected disabilities. What conditions must be met for a veteran to be eligible?

A—To be eligible for new GI insurance, a Korea veteran must have a service-connected disability so rated by the VA, and must apply within one year from the date VA rates him service-connected.

GI Insurance Payment Hints Given By VA

Ways for some GI insurance policyholders to save time and money in making premium payments and at the same time avoid the chance of a lapsed policy were suggested today by the Veterans Administration.

Veterans who draw VA compensation are urged to have their premiums taken out of their compensation payments. The VA points out this procedure saves the veteran the time and expense of drawing a check or money order and mailing it to a VA district office.

Veterans who are drawing retirement pay are urged to have the branch of the service with which they are connected make out an allotment from their retirement pay to cover their GI insurance premium payment. This too saves the veteran the time and expense of making his payment direct to the VA, and insures him against a lapse of his insurance.

100TH ANNIVERSARY

Two Million American Red Cross Volunteers Pause To Commemorate

This month two million Americans will pause to commemorate the 100th anniversary of a battle most of their fellow countrymen have never heard of and which had no significant military importance.

The two million are American Red Cross volunteers. They commemorate the Battle of Solferino, Italy, because out of the blood and carnage came the birth of an idea—the idea of Red Cross.

The brutal battle was fought between a French - Sardinian force united against Austrians in an effort to settle Italy's political future. There were 39,000 casualties in less than 12 hours of fighting with bayonets, gun butts and even fists.

It was Henri Dunant, a young Swiss businessman, who took the idea and made it into a world-wide movement aimed at alleviating suffering in peace as well as war.

Dunant was traveling in Italy when he came upon the aftermath of the Battle of Solferino. "Bodies of men and horses covered the battlefield; corpses were strewn over roads, ditches and fields; the approaches to Solferino were literally thick with dead," he later wrote.

But the sight that was to haunt him was the wounded. "They begged to be put out of their misery and writhed with faces distorted in the grip of death struggle."

Dunant immediately organized local doctors, peasants and and all chance travelers he could to help the wounded. While doing his utmost to ease the victims plight, Dunant also began to think of the suffering to come in future wars.

"Would it not be possible, in time of peace and quiet, to form relief societies for the purpose of having care given in wartime by zealous, devoted and thoroughly qualified volunteers?"

In other words, couldn't or-

inary citizens band together to help war

'Skittles' Exhibition In Westlake Features Lou Campi, Dick Agee

Bay Area bowlers and, some 300 bowling fans of Northern California saw an unusual event at Westlake Bowl last Thursday afternoon. It was an exhibition of the extinct game of skittles, a favorite sport of our colonial forefathers and the granddaddy of American 10-pin bowling.

The exhibition was put on by Lou Campi, nationally famous bowling star, and Dick Agee of San Francisco, Northern California's highest-average bowler. They used a specially-built skittles "run" of 21 feet, nine horn-beam skittles (or pins) and a 12 pound lignum vitae "cheese." The cheese, a disk-like affair, was hurled at the skittles through the air rather than rolled, as in bowling.

Campi and Agee demonstrated several "chalks," as frames in skittles are called, then took part in an informal bowling match.

Altogether, it was a festive afternoon at which the co-hosts were the Northern California Bowling Proprietors Association and the United States Brewers Foundation.

The United States Brewers Foundation found out all about skittles by conducting a survey into what Americans thought the expression, "beer and skittles," meant. Most of them believed that skittles were something good to eat, something that went well with beer. The brewers, however, knew that skittles was a game, and they offered a prize of \$1000 for the best preserved colonial set to be found in the country.

No set turned up, although the Foundation got a good deal of advice about tasty snacks

to eat with beer. Thereupon, the Foundation, working from old documents and ancient engravings, had a perfect reproduction of a skittles set and a skittles run made. They invited Sir Herbert, famous humorist and president of the Black Lion Skittles Club of London, England, to come over and demonstrate the game.

That event took place at Paramus (N.J.) Bowling Center on September 25, 1958. It proved to be a historic occasion, complete with beer and skittling, beer and bowling, flowing steins, an old-fashioned free lunch and much "unruffled enjoyment."

That was the spirit of the event Thursday afternoon at Westlake Bowl, but the occasion was much more than that. It represented a tribute to the bowling industry of Northern California—a region which has been among the leaders in the remarkable upsurge in popularity of America's largest participant sport.

Lefty Barry Krohn fashioned a four-hitter with no walks and 10 strikeouts to lead Daly City Drugs to a 7-2 win over Meyer's Safety Switch at Balboa last Saturday.

Neither of Meyer's runs was earned and the hits were scattered.

Terry Christman was blasted in the first inning for four runs on as many hits at Marchbanks on Sunday when Dante's New Pisa sent eight men to the plate. The Drugs picked up a run in the first and one in the second, but the New Pisans won out, 6-2.

Georgie Claus was a hot stickler. He got two for four on Saturday and came back with three for five on Sunday. Bill Hynes went three for four on

Saturday, and caught only the last two innings Sunday. George Claus homered at Balboa. Christman tripled and Mike doubled.

Sonny Stoller and Tony Montalbo both made brilliant play in the field, but Dante's kids weren't hitting them where they were hitting them. Stan Montalbo came on in the seventh and pitched good ball, holding his opponent scoreless.

Mortola, McEntee and Berry all had two for four. McEntee batted in two runs as did Car Keeling.

San Francisco Recreation League play starts Saturday with Tom Bournelles, boys playing Saxe Realty at 10 a.m. at Sundberg Field. Dante's New Pisa and Daly City Drugs will play at Marchbanks at 11 a.m. this Sunday.
